

## 2021 Annual Report Irene Keyes Memorial Scholarship Fund

Marcine Humphrey, Chair

Because of the pandemic restrictions, we did not attempt to solicit scholarship winners for the NCCWSL conference for May of 2021. The full impact of the experience involves the travel, interpersonal relationships, and experiential nature of the workshops and events. We have received a donation from the Keyes family to help continue to fund this scholarship. Next year 2022 we hope to send at least two college women from our area to the conference.
