

## **National/State Board Liaison, Barbara Van Itallie**

Annual Report, May 13, 2021

The purpose of this position is to pass on information to the branch from National and State AAUW. I attended some board meetings and presented written reports when necessary if I could not attend. As a State Board member, I was able to pass information from there. National information came from the National website, emails to members, and virtual programming.

I spoke to the Poughkeepsie Board about the National vote to change the bylaws, the state summit/annual meetings and elections, the state bylaws changes, dues forgiveness from the State, grants for Zoom from the State, the National dues increase, and similar topics.
