Below you will see the proposed schedule for 2026. There may be some changes if need be.

Please remember some of this could change based on circumstances.

Please note that coordinators are needed for August, September and November. Coordinating is really not that hard. It is a matter of getting information and making a few calls. These trips can *only* take place if members are willing to coordinate a trip once in awhile. Please consider this and let me know if you would be willing to coordinate.

Finally, always open to new ideas. If you have an idea for a trip destination, please let me know.
